

Due to COVID-19, our office procedures have been enhanced for your safety. To ensure a safe and efficient visit for you, we require that you complete and submit this form along with your Medical Questionnaire (link below and also on our website) no less than 48 hours before your appointment. Unfortunately, if we do not receive these forms within that time, your appointment will be removed from our schedule.

1. Fee consent form (once downloaded, this is an electronically fillable form). **Please fill out all fields** and email this form back to us.
2. Medical History Form [Click to access online portal. Use “Existing Patient” login and fill out the form “Medical History”](#)

OHIP covers the basic elements of an eye examination. Spectrum Eye Care uses advance diagnostic testing not covered by OHIP to detect and manage eye disease earlier and more precisely, resulting in better health outcomes. These tests do not replace traditional examination measures but they allow us to vastly minimize the amount of face to face examination time behind the microscope.

The Optomap ultra-widefield retinal image is a unique technology that captures more than 80% of your retina in one panoramic image. The unique ultra-widefield view helps the Optometrist detect early signs of retinal holes, tears and detachments more effectively and efficiently. In addition it serves as a baseline for comparison to evaluate for Macular Degeneration, Glaucoma and changes secondary to Diabetes and High Blood Pressure.
